Any Interested Person

SUBJECT: Notice of Postponement of Hearing  
Calleguas Creek Basin Plan Amendment and Chloride TMDL

The California Regional Water Quality Control Board, Los Angeles Region, was scheduled to consider two items related to the Calleguas Creek watershed during its February 28, 2002 Board meeting. The items to be considered were a Basin Plan amendment to revise the reach definitions and the chloride water quality objective, and a Basin Plan amendment to incorporate a TMDL for chloride levels in Calleguas Creek.

Due to the extensive comments received to date and the complex issues raised by those comments, the Regional Board has decided to postpone the February 28<sup>th</sup> hearing to allow additional time for staff to consider comments. A new hearing date has not yet been established, and you will be notified when a hearing date is determined.

The public comment period is not being extended. Written comments on these items must be received by the Regional Board staff no later than 5:00 p.m., February 11, 2002. Comments should be submitted to:

California Regional Water Quality Control Board  
Los Angeles Region  
320 West Fourth Street, Suite 200  
Los Angeles, California 90013.

For additional information, contact Melinda Becker (213) 576-6681 or Jonathan Bishop at (213) 576-6622.

Sincerely,
